- Practical Living Skills (teamwork, clothing care, menu planning, grocery shopping, cooking)
- Interpersonal Skills (team-building, problem solving & calming strategies, conflict resolution, anger management, building self-esteem, social skills)
- Personal Management Skills (personal health care & hygiene, money management & safety, time management)
- Employable Skills (resume building and career prep information)

When: Two 2 week sessions_Mon-Fri 9am-3pm

Session 1: July 11 - July 22

Session 2: July 25 - Aug 5

Where: TBD

Cost: \$650 for each two week session.

Registration: Applications will be available on our website at oakland.edu/oucures. Once applications are received, we will contact you to schedule an in-person assessment for you & your camper.

General Camp Information

- All OUCARES Summer Camp rooms are lead by teachers specially certified to teach individuals with Autism Spectrum Disorders who have experience leading a group of individuals with ASD.
- The Assistant Teachers in our summer camps are practicum student teachers completing their graduate level coursework in Autism Spectrum Disorders. Practicum students thus learn many strategies and activities to engage students with ASD.
- OUCARES Summer Camp staff are highly qualified and trained to work with people with ASD.
- All camps register no more than 10 campers per room, so you know that your camper will get the attention he or she needs. Each room will use visual schedules and supports to help each participant feel successful at camp.

OUCARES offers a variety of programs and events throughout the year for people impacted by ASD age 3 through adult.

Go to www.oakland.edu/oucures to find out more about:

- **Recreational Programs:** basketball, social skills, acting club, teen social, yoga and much more!
- **Special Events**
- **Parent Workshops**
- **Evening Enrichment Events**

We look forward to hearing from you soon!
