Training for Staff Hired through Self-Determination:

Staff hired through self-determination arrangements must meet Medicaid Qualified Provider requirements such as; *be at least 18 years of age, able to prevent transmission of communicable disease, able to communicate effectively to follow IPOS requirements, beneficiary-specific emergency procedures, and to report on activities performed; and be in good standing with the law (i.e., not a fugitive from justice, a convicted felon who is either under jurisdiction or whose felony relates to the kind of duty to be performed, or an illegal alien).*

The following grid details the free or low-cost trainings for qualified staff hired through self-determination. If staff do not meet the minimum training requirements, the Fiscal Intermediary (FI) will not be able to pay the staff with the self-determination budget dollars. It is the responsibility of the Employer of Record and/or Managing Employer to track training.

| Training | Who Trains | Contact Information (follow hyperlink for source) | Initial Training Due | Repeat Training Due | Length of Training |
